STRIP CENTER

12840 W Interstate 10

San Antonio, TX 78249

ASSESSED VALUE	IMPROVEMENTS	BUILDING SIZE	ANNUAL TAX
$1,915,000	**$817,240**	**6,681 SF**	**$43,857**
Tax Year 2025	$122/SF	Built 2007	Rate: 2.2902%

RECOMMENDED PROTEST VALUE

$1,725,000

Reduction of $190,000 (9.9%)

ESTIMATED ANNUAL TAX SAVINGS

$4,351

per year

4-YEAR TREND

↑ +$90,000

PROTEST STRATEGY

Focus on improvement overvaluation — argue the $817K improvement value should be closer to $550K–$600K based on age/condition depreciation. E&U supports marginal reduction (median $1.88M).

EQUAL & UNIFORM ANALYSIS

Marginal — median of best 5 comps: $1,880,544

F **Current Agent Performance:** Value increased every year. +$90K (+5%) over 4 years.

STRIP CENTER (TOMMY'S)

12830 Silicon Dr

San Antonio, TX 78249

ASSESSED VALUE	IMPROVEMENTS	BUILDING SIZE	ANNUAL TAX
$3,250,000	**$1,493,790**	**9,300 SF**	**$74,431**
Tax Year 2025	$161/SF	Built 2017	Rate: 2.2902%

RECOMMENDED PROTEST VALUE

$2,875,000

Reduction of $375,000 (11.5%)

ESTIMATED ANNUAL TAX SAVINGS

$8,588

per year

4-YEAR TREND

↑ +$255,000

PROTEST STRATEGY

Challenge improvement value — $1.49M for 9,300 SF of 8-year-old strip center is high. Comparable strip center improvements average $80–$120/SF. Reducing improvements to $1.1M brings total to ~$2.85M.

EQUAL & UNIFORM ANALYSIS

Not analyzed via E&U — income/improvement approach recommended

F **Current Agent Performance:** Value increased +$255K (+9%) over 4 years.

$750,000	**$122,880**	**19,040 SF**	**$17,176**
Tax Year 2025	$6/SF	Built 2024	Rate: 2.2902%

RECOMMENDED PROTEST VALUE

$675,000

Reduction of $75,000 (10.0%)

ESTIMATED ANNUAL TAX SAVINGS

$1,718

per year

4-YEAR TREND

↑ +$290,820

⚠ **Caution:** This property is assessed very favorably relative to comparable properties. Protesting via E&U could draw scrutiny and result in a value *increase*. Proceed with care.

PROTEST STRATEGY

New construction in 2024 — protest the $260K jump from $490K. Improvement value ($6.45/SF) is already very low. Focus protest on land value ($333K/acre vs market).

EQUAL & UNIFORM ANALYSIS

DO NOT PROTEST via E&U — all comps far above ($2.8M–$3.5M). Currently assessed favorably.

N/A **Current Agent Performance:** New construction — value jump expected.

Tax Year 2025	$4/SF	253,476 SF	Rate: 1.8365%

RECOMMENDED PROTEST VALUE

$925,000

Reduction of $65,000 (6.6%)

ESTIMATED ANNUAL TAX SAVINGS

$1,194

per year

4-YEAR TREND

↑ +$114,240

PROTEST STRATEGY

Market value / income approach — compare to actual sale prices and absorption rates. Argue value should hold at 2023–2024 level of $950K. At $170K/acre, already lowest among Potranco comps.

EQUAL & UNIFORM ANALYSIS

E&U does not support — all nearby vacant parcels assessed higher ($253K–$869K/acre).

D **Current Agent Performance:** Value increased +$114K (+13%) over 4 years.

Reduction of $200,000 (9.3%)

ESTIMATED ANNUAL TAX SAVINGS

$4,580

per year

4-YEAR TREND

↓ **$-250,000**

PROTEST STRATEGY

Income approach + condition/obsolescence — 43-year-old building with significant depreciation. Two E&U comps adjust below subject ($1.74M, $1.90M). Push for further reduction below $2M.

EQUAL & UNIFORM ANALYSIS

Median above subject, but 2 comps below. Use selective comp presentation + income approach.

B+ **Current Agent Performance:** Only property with reductions — down $250K (-10%) over 4 years. ✓

Next Steps

How OverAssessed delivers results for your portfolio

1

Authorize OverAssessed as Your Agent

Sign Form 50-162 (Designation of Agent) for each commercial property. This authorizes us to represent you before the Appraisal Review Board and file protests on your behalf.

2

We File Protests Immediately

Upon receiving your 2026 Notice of Appraised Value, we file protests for each property using our data-driven evidence packets — comparable property analysis, income approach, and condition documentation.

3

Evidence-Based Informal Hearings

We present comprehensive evidence packets at informal hearings with the appraisal district. Our analysis includes Equal & Uniform comparables, income capitalization, and improvement depreciation arguments tailored to each property.

4

Formal ARB Hearings if Needed

If informal hearings don't achieve our target, we escalate to the Appraisal Review Board with enhanced evidence and expert testimony. We don't settle for less than your properties deserve.

5

You Only Pay When We Save You Money

Our fee is 20% of actual, documented tax savings — nothing upfront, no hidden charges. If we don't reduce your taxes, you owe us nothing. Estimated annual savings for your portfolio: **$20,431**.

Our Guarantee

No reduction, no fee. We only succeed when you save money.
Your worst case is $0 cost. Your best case is $20,431+ in annual savings.

Notes & Disclaimer

Methodology and legal information

Methodology

This portfolio assessment analyzes each property using multiple approaches including Equal & Uniform (E&U) comparable analysis under Texas Tax Code §42.26, market value comparison, income capitalization, and condition/depreciation review. Data is sourced from Bexar County Appraisal District (BCAD) 2025 certified values via bexar.trueautomation.com.

Equal & Uniform Analysis

Under Texas Tax Code §42.26, a property owner may protest that their property's appraised value exceeds the median appraised value of comparable properties appropriately adjusted. Our E&U analysis:

```
Size Adjustment = (Comp_PSF × (Subject_Area − Comp_Area)) / 2
Age Adjustment = Adjusted_Value × 0.5 × (Subject_EffYear − Comp_EffYear) / 100
Land Adjustment = Subject_Land_Value − Comp_Land_Value
Indicated Value = Median of all adjusted comparable values
```

Tax Rate Information

Tax rates used: City of San Antonio properties at 2.290174%. Potranco Rd (outside city limits) at 1.836516%. Actual savings will depend on 2026 tax rates set by local taxing authorities.

Important Disclosures

Recommended values are estimates based on comparable property data and professional judgment. Actual outcomes depend on appraisal district negotiations and ARB hearing results.
