PROTEST ARGUMENT

- OVERVALUATION: The district appraised value of \$812,660 exceeds our recommended value of \$677,530 by 16.6% — a difference of \$135,130. Comparable evidence supports a reduction. Comp range: \$677,530 – \$1,091,515 (10 properties).
- PROPERTY CHARACTERISTICS: The subject includes significant land value (\$506,950) and requires adjusted comparison for acreage and rural characteristics. Excess rural acreage does not scale linearly with value — land beyond typical residential use has diminishing marginal returns.
- EXCESS ACREAGE: The subject sits on 9.9 acres. Excess rural acreage does NOT scale linearly with value. Land beyond typical residential use has diminishing returns. Comparable acreage properties are assessed substantially lower.
- COMPARABLE EVIDENCE: The 10 comparable properties selected reflect similar size, age, condition, and location characteristics. After adjustments, the indicated value range is \$677,530 – \$1,091,515, with a median of \$809,690.
- UNEQUAL APPRAISAL (\$41.41(a)(2)): After adjusting for size, age, condition, and land, the subject should be valued at approximately \$677,530 — our recommended value, supported by 10 adjusted comparable properties with a median of \$809,690.

BEXAR COUNTY — ACREAGE ANALYSIS

ACREAGE ADJUSTMENT: The subject sits on 9.9 acres. Rural acreage carries diminishing marginal value — land beyond standard residential use does not scale dollar-for-dollar. The 9.9-acre parcel includes excess rural land that appraisal districts routinely over-equalize versus smaller suburban lots.

MARKET MISMATCH: The Scenic Loop corridor contains a wide spectrum from modest rural homesteads (\$450K–\$650K) to luxury estates (\$1M+). This 1800 SF, 9.9-acre property aligns with the rural homestead tier, not the luxury custom-build segment. Comps were selected exclusively from the non-luxury tier to ensure an apples-to-apples comparison.

LAND VALUE BREAKDOWN: District land value of \$506,950 represents 62.4% of total assessed value (\$812,660). Improvement value of \$305,710 accounts for the 1800 SF structure built in 2017. Comparable land values in the corridor range from \$200K–\$380K for similar acreage parcels.

REQUESTED RELIEF

Reduce appraised value from \$812,660 to our recommended value of \$677,530 — a reduction of \$135,130 (16.6%), consistent with comparable market evidence.
