PROTEST ARGUMENT

1. OVERVALUATION: The subject is appraised at \$276,200, which is -17.5% above the median adjusted value of 8 comparable properties (\$334,745). Range: \$197,170 – \$665,390.
2. CONDITION: The subject is an older, dated property in fair/investment-grade condition — not comparable to newer luxury builds in the corridor. Improvement value of \$0 reflects a structure needing updates.
3. EXCESS ACREAGE: The subject sits on undefined acres. Excess rural acreage does NOT scale linearly with value. Land beyond typical residential use has diminishing returns. Comparable acreage properties are assessed substantially lower.
4. MARKET MISMATCH: Scenic Loop contains a mix of older modest homes and newer luxury estates (\$1M+). This 1152 SF property aligns with the former category. The district appraisal reflects the luxury segment, not the subject's actual position.
5. UNEQUAL APPRAISAL (§41.41(a)(2)): After adjusting for size, age, condition, and land, the subject should be valued at approximately \$334,745 — the median of 8 adjusted comparable properties.

REQUESTED RELIEF

Reduce appraised value from \$276,200 to \$334,745, consistent with comparable market evidence.
